

SUSSEX
nightstop

Tackling youth homelessness one night at a time

Tom is 16 and lived at home with his mother and stepfather. Relationships became strained, Tom walked out and went to stay with a friend - and then another friend ...and then another... and another - 'sofa-surfing' they call it.

"Nightstop is a community response to a problem which is all too common in our community.

This unique service is made possible by the generosity of inspirational people with a spare room and a desire to make a difference in a young person's life."

The cost of providing a single night's accommodation

£25.00

Today is:

19-Aug-2016
